

Exercise points

The right to participate in the course exam requires that the student has at least 50 % of the exercise points (39.5 points) or has returned at least 10 hand in-assignments with absolutely correct solutions. Those students who haven't achieved the enough points can participate in the course exam, but the grade won't be registered before the student has completed additional exercises.

Instructions for the additional exercise:

Additional exercises can be found on the course home page, and by doing them one can complete the course. Each task is worth 3 point, and **if the exercise is returned on time**, the points will be added to the current exercise points. Having added the points, if the combined exercise points exceed at least 39.5 (i.e. 50 %) or the combined amount of absolutely correct solutions to hand in-assignments exceeds 10, the combined exercise points and the points from the course exam will form the grade for the course in the same manner as for other students. **if the additional exercises are not returned on time** no grade will be given.

Return instructions:

The exercise must be returned by 18.11.2016 23:59. They can be returned either to Axi Holmström's mailbox or by e-mail to axi.holmstrom@helsinki.fi. The mailbox is located in the C-wing of the 2nd floor in Physicum, in the end towards the lobby next to room C204a. Note, the corridor in question can only be accessed during weekdays during 8-16.
