

### Instructions for the final project

- Each student writes a written literature review and has a 12(+3) minutes oral presentation on a topic of their choice
- The final project accounts for 40% of the course grade (graded 0-40 points)
  - 25% of points are awarded from the oral presentation and 75% from the written report
  - Grading of the written report:
    - 10 points from 'accuracy': How factually correct the report is
    - 10 points from 'thoroughness'
    - 10 points from 'professionalism' (cleanliness)
- The written report should not exceed 5-6 pages. Describe your topic thoroughly, but sharply. Use references where necessary
- Attendance in the oral presentation session is mandatory for passing the course
  - Presentations will be held on **Friday 4.3.2022 (14-17)** at **Physicum E205**
  - Presentation should be 12 minutes long, after which there is 3 minutes reserved for questions. Each student may get up to 3 extra course points, one for each question asked from your peers (if you ask 3+ questions during the presentations, you will get 3 points)
- The final report must be submitted latest on **Sunday 13.3.2022 23:59**
  - **Submit two separate pdf-files** (presentation slides and the final report)
  - Send the slides and the report to the course assistant by email (**oskari.tommiska (at) helsinki.fi**)
