

# OPTICS (MATR329)

Course Assistants:  
Joonas Mustonen (M.Sc.)  
Petri Lassila (M.Sc.)

# PRACTICALITIES – OPTICS (10 CR.)

## 18.1. – 5.5.

- **Follow the course page weekly:** <https://electronics.physics.helsinki.fi/optics-2024>
  - Most updated information
- Every Thursday (**exceptions announced in the web page**)
  - **Lecture between: 10.15 – 12.00**
  - **Exercise session: 12.15 – 14.00**
- ~ 10 pen and paper exercises
  - Returned weekly via Google Classroom (**ask Joonas if you haven't receive the email**)
  - **First DL 1.2.**
- Optical simulations: TBA (uncertainty with software licenses)
- Exam: in May (TBA)
- **Evaluation (0-5): 40 % Exercises and 60 % Exam**

# PRACTICALITIES - OTHER

- Only two copies of the physical book in the library
  - At least fourth edition available online via Helka (Optics / Eugene Hecht)
- Try to submit your first exercise answers early
  - Contact Joonas a.s.a.p., if any problems with the submission system
- **If questions regarding the exercises, students are encouraged to contact assistants via email with a low threshold**
- First exercise sessions:
  - 18.1.: not a separate exercise session
  - 25.1.: ZOOM exercise session (Petri introduces the first problem set, **DL. 1.2. at 10.00**)
  - 1.2.: First physical exercise session
